

PixelProgression

Computer Running
Slow?

We'll Fix It!

■ Here's How it Works!

1. Take a Card!
2. Visit www.PixelProgression.net on the slow computer and click on the "Remote Cleanup" button.
3. Follow the on screen instructions to install the software.
4. Call or email JCiak@PixelProgression.net to setup a time for the cleanup.
5. Sit back and watch your computer get cleaned up.

Includes installation of free virus protection!
